
Garden design and landscape company

Group : 4

Our script:

1. Home page: The company's logo and a short title representing the company, Place high-quality images to display pictures of gardens that we have designed before, besides an explanatory text or bar graph about our design style.
2. Services page: It comprises a comprehensive list of the services provided by the company in garden design, dividing the services into categories such as: designing front and back gardens, coordinating plants and flowers, designing the irrigation and lighting system, and coordinating decorative elements ,With text explaining each service and a picture of it.
3. Contact Us page (Contact): Provide other contact information such as : Phone number - email - social networking sites - and company address It is also possible to create a form that customers can fill out with their personal information, such as a box containing (the customer's name, phone number, and address).
4. About us page: It talks about the company's founders, the current owners and partners, the executive directors and employees of the year for all years and their achievements.
5. Login page: The login form contains fields for entering the user name and password that allow customers to enter their data to access their personal accounts on our website + It contains a page that changes the password when they forget it.
6. Garden care page: It is full of advice for the clients whom we have served and designed their gardens for, on how to care for them and the mistakes that could damage the garden.
7. Models and additions: Customers who want to purchase some simple decorations from us can design their gardens themselves.
8. Policies: A page containing the policies and conditions that the customer and the company must know and adhere to, whether before or after contracting or purchasing.
9. Opinions of previous clients: Displaying the evaluation and opinions of previous clients about the designs that we have implemented will enhance confidence and reflect the quality of the work that we provide as a company.
